An English translation of ES 1 029 596 U is not available at this time. It is respectfully submitted that the relevance of this reference can be readily understood by referring to the drawings of the patent provided.

This submission does not represent that a search has been made or that no better art exists. While the term "reference" is used in citing the publication called to the examiner's attention herein, applicants do not make any admission that it is a "prior art" reference within the meaning of the statutory and case law.
